

## Success Story

LeUndrea Waller was enrolled in the WIOA Program (Crittenden County) in November of 2020 as an OSY, low income, single parent who was currently unemployed and had little to no work experience. She started Work Experience Program with the City of West Memphis Human Resource Department as an Office Assistant in which she did an awesome job. Each time Career Advisor would visit the Worksite, there were always positive remarks given about LeUndrea. She also had the opportunity to continue her Work Experience at the West Memphis City Hall as an Office Assistant where she also did a remarkable job. Because of the outstanding commitment, work ethic, and respect that she showed during her time in WIOA's Work Experience Program, LeUndrea was hired full-time as a Code Enforcement Clerk with West Memphis City Hall after she completed the Work Experience Program.
